Hey, Andrew and Libby, I hope you can help me reach Doug Benevento, Susan Bodine or Patrick Taylor about the attached letter received by them from the CDPHE, Pueblo County and the Lower Arkansas Valley Water Conservancy District.

This letter makes it sound as if the EPA is backing off its lawsuit against the city of Colorado Springs, as these three entities are expressing concern and asking the EPA to re-commit to the cause.

Can someone please provide us with a comment on this? Is the EPA considering dismissing the case or taking some other action that prompted this letter? If so, why?

I need to hear back today, if possible.
